

# International Career Collective

## Partnership and Membership Packages

### Partnership and Membership Costs

#### **Institutional Partnership (Staff & Students)**

ICC Partnership is a one-time fee of \$2,000.00, intended for those actively involved in ICC Committees, making significant contributions of expertise and time (agreeing to dedicate 5 to 10 hours per month to committee work, depending on the project).

Partnerships are re-evaluated annually based on work and the university's capacity.

#### **Institutional Membership (Staff & Students)**

Priced at an annual rate of \$4,000.00, this membership allows staff members and international students from the institution to access benefits and privileges associated with membership.

#### **Guest Membership (Staff)**

Priced per person per event (visit the Membership packages for the details), this option allows ONLY Career Services Professionals interested in engaging in individual components of the International Career Collective offerings.

## Partnership and Membership Packages

### Membership Levels and Benefits

The collaborative efforts of the ICC positively impact the career development experience of international students in US higher education through the organization of events that connect international students to employers, as well as training opportunities for higher education staff. Our partnership opportunities offer a unique opportunity to engage, support, and advance the careers of international students and career services professionals serving this population.
